

**sand bit long still** (2014)

Typeface: Goudy Old Style Bold

sand      age                      bit  
            face      was              hell  
break                      sake  
            sky      arms      place  
time      eyes      round      skip  
            nothing      whose  
you      then      else      where  
went              black      them  
long                                      still
